DELAY IN TREATMENT FOR NEW CAYSTON PATIENTS

On February 15, 2012, Gilead Sciences announced that they are facing challenges to meet the demand for Cayston. Gilead is working as quickly as possible to address the problem.

At the moment, Gilead has stated that their highest priority is to supply Cayston to those who are regularly using the medication. Foundation Care is working diligently to make sure those patients receive their refills as scheduled.

For patients with new Cayston prescriptions, Foundation Care is coordinating care with patients' physicians to consider alternate therapies until the supply issue is resolved.

If you have any questions or concerns about your Cayston prescriptions, give our pharmacist a call at (877) 291-1122. For more information on the availability of Cayston, visit www.Cayston.com/supply.

FREE STUFF ALERT

referring a new patient to us. When the new patient submits their first order, not only will you receive a \$25 Visa gift card, but your friend will, too!

FOUNDATION CARE ATTENDS THE CYSTIC FIBROSIS FOUNDATION'S FESTIVALE!

The Gateway Chapter of the Cystic Fibrosis Foundation held their 4th Annual FestivAle on Saturday, March 3rd at Factory STL in St. Louis, MO. The event celebrated great local brews from over 12 micro breweries while raising money to benefit a cure for cystic fibrosis.

Foundation Care signed on to be the tasting glass sponsor - showing our presence throughout the event. In addition, we were so excited to have recruited over 120 people to join us! It was a great event hosted on by the local chapter and we were proud to be a part of it.

To see photos of the event, [click here](#) to visit the CFF Gateway Chapter's Facebook page.

Have a wonderful day!
