Flu Season Has Begun!

Flu season has begun and Foundation Care is helping local businesses get prepared!

On average, A US worker loses 115 productive hours every year due to health conditions, especially the flu virus. Our pharmacy is teaming up with employers to avoid this by hosting on-site flu clinics.

If you are in the St. Louis area and are interested in signing up your business today, contact an immunization specialist at 314-291-1122 .

★ Tip of the Month ★

Medication coverage can be a difficult process, especially for CF patients. Foundation Care's Reimbursement representatives work diligently to optimize your prescription benefits. Let us help you!

We are trained to assist with specific insurance verifications, prior authorizations or claim appeals. In addition, we can assist you in enrolling in any available assistance program that you may be eligible for.

Also, if you would like information about available patient assistance resources, visit our website at www.Foundcare.com.

Here's What Our Patients Are Saying About Us

"Thank you for treating me, the patient, with respect and dignity. Thank you, representatives of Foundation Care, for your patience, cheerful, humor and expertise whenever I have called with questions about the Altera, Cayston, and/or delivery. You company is a breath of fresh air!"

Cystic Fibrosis Patient, Massachusetts

"Since we have changed over to you, everyone has been so nice and helpful, and has made our transition very easy. Thank you so much!" Cystic Fibrosis Patient, Missouri

Instructional Nebulizer Videos

We are very excited to announce that after years of requests from patients, caregivers, and physicians, Foundation Care has produced instructional videos on "How to Use," "How to Clean," and "How to Disinfect" the **Trio® Electronic Nebulizer** with eFlow technology and the **Altera® Nebulizer System** with eFlow technology.

Foundation Care has developed these videos based on years of information gathered from troubleshooting devices, discussions with patients, and device surveys. We hope that these videos offer a virtual trainer to coincide with the instructions given by our patient care team.
